**Connecticut Photographer's Seven Year Journey Delivers an Artisans Informational Guide**

**Duane V. Gamble**, a resident of Hampton, CT., just published a new book for Visual Artisans, Crafts Persons and Creative Professionals entitled:  
**The Visual Arts Resource Manual**, How to Find Information, Materials, and Services for Your Photography, Art, Crafts and Small Business Promotional Projects.

While formerly a Groton, CT resident, Mr. Gamble was very involved in the shoreline art communities of Mystic, New London, CT and Westerly, RI . Frustrated with locating products and services to assist in creating his line of fine art photographs and handmade New England photo products, Mr. Gamble developed an extensive catalog of resources for manufacturing, packaging, and marketing his photographic line. While participating and viewing outdoor area art shows, Mr. Gamble received great satisfaction in helping other visual artisans and creative professionals find resources for purchasing art show display equipment and promotional materials. From speaking to many artists over the years, Mr. Gamble realized a need for a comprehensive collection of business resources solely for artists, photographers, crafts persons and self employed creative persons.

Mr. Gamble specializes in Commercial, Stock, Environmental, and Fine Art Photography. He's a general member of The American Society of Media Photographers (ASMP), International Association of Panoramic Photographers (IAPP), Mira.com, and an has memberships with the PMA, Mystic Arts Center, Windham Arts Collaborative and Mindsisland.com.

Copies of the The Visual Arts Resource Manual (VARM) may be purchased directly by contacting Mr. Gamble through the information below.
